

ANNUAL WASTEWATER COLLECTION SYSTEM REPORT

Permit #WQCS00349

April 1, 2024

Introduction:

In an effort to keep its citizens informed and maintain compliance with the State of North Carolina requirements, the Town of Gibsonville is pleased to provide this Annual overview of the Operation, Maintenance and Performance of its Wastewater Collection System for 2023.

General Information:

System Name: Gibsonville Collection System
Responsible Entity: Town of Gibsonville
Operator in Responsible Charge (ORC): James R. Elliott
Back up Operators in Responsible Charge: Frank Wade

129 W. Main St.
Gibsonville, NC 27249
336-449-7188

Notification:

Notification of this report will be put in the town's next available newsletter following the date of this report. This report is also available at the Gibsonville Public Works Office located at 1236 Springwood Church Road and at the Town of Gibsonville's website www.gibsonville.org.

ABOUT THE COLLECTION SYSTEM:

The Collection System is owned, operated, and maintained by the Town of Gibsonville. It consists of approximately 54.3 miles of Gravity Sewer Lines, 0.44 miles of Forced Mains (pressure sewer lines) and 3 Sewage Pump Stations. Each day the town transports an average of 417,000 gallons of untreated wastewater to the South Burlington Wastewater Treatment Plant, and an average of 292,000 gallons of untreated wastewater to the East Burlington Wastewater Treatment Plant for final treatment.

SYSTEM PERFORMANCE:

The Town of Gibsonville's personnel work very hard to ensure that our Collection System is maintained and operated at a high standard. Gibsonville is pleased to say that there were no reportable spills in the 2023 calendar year.

CERTIFICATION:

I certify under penalty of law that this report is accurate and complete to the best of my knowledge. I further certify that this report has been made available to the users of the Collection System.

James R Elliott, Operator in Responsible Charge.
